

PRINCIPAL PROMOTIONS

SPRING 2016

The Board of Directors is pleased to announce the promotion of Thomas Gray and Jeffrey Schumaker to the position of Principal.

An invitation to the level of Principal is the highest management and leadership honor available at Fishbeck, Thompson, Carr & Huber, Inc. It is attained through adherence to the firm's core values and demonstrated ability and leadership over many years of service with the firm. The position of Principal requires the purchase of a significant amount of company stock and a commitment to the firm's vision, along with the inherent responsibility of guiding the growth and development of the firm in future years.

THOMAS L. GRAY II, PE
SENIOR VICE PRESIDENT | PRINCIPAL

Tom Gray joined FTCH's Civil/Infrastructure Division in November of 2004, bringing 17 years of design, project management, contract administration, and construction experience. Tom earned his Bachelor of Science degree in Civil Engineering from Michigan State University and is a licensed Professional Engineer in Michigan. Tom has been instrumental in the growth and expansion of FTCH civil field services. He has extensive experience overseeing MDOT and local agency construction projects to ensure work is constructed in compliance with agency standards.

JEFFREY A. SCHUMAKER, PE
SENIOR VICE PRESIDENT | PRINCIPAL

Jeff Schumaker joined FTCH's Structural Engineering Department in November of 1996. Jeff earned his Bachelor of Science degree in Civil Engineering from Michigan Technological University and is a licensed Professional Engineer in Michigan. He currently serves on FTCH's Management Committee and has been instrumental in developing and growing FTCH's steam distribution market. He has worked on numerous steam tunnel design and renovation projects serving as project manager and lead design engineer.
